## Directions:

- Take turns rolling a die four times.
- Record your four numbers and find the sum.
- Then list all of the factors of your sum.
- The sum of the factors is your score for the round.
- The first one to get to 200 points wins.

## FACTOR

PLAY

| Numbers Rolled | Sum of Numbers | Factors of the Sum | Sum of Factors | Running Total <br> (score) |
| :---: | :---: | :---: | :---: | :---: |
| $6,5,2,1$ | 14 | $1,2,7,14$ | 24 | 24 |
|  |  |  |  |  |
